Key Foreign Investment Framework data

Commercial foreign investment in Australia

Key data for the period 1 April – 30 June 2025

Foreign investment reporting

1 April to 30 June 2025

Introduction

The Treasury is Australia's foreign investment policy advisor and regulator. It administers the Foreign Investment Framework, which is set by the *Foreign Acquisitions and Takeovers Act 1975* and the *Foreign Acquisitions and Takeovers Fees Impositions Act 2015*, along with their associated regulations.

The Treasury assesses commercial investment proposals, is responsible for promoting compliance, and advises the Australian Government on all aspects of foreign investment policy. Under the Foreign Investment Framework, the Australian Taxation Office (ATO) is responsible for residential real estate investment proposals. Under the *Foreign Acquisitions and Takeovers Act 1975*, proposed foreign investments are assessed using the national interest test or the national security test.

The Treasurer is the decision maker under Australia's Foreign Investment Framework. However, decision-making delegations exist to enable Treasury portfolio ministers, Treasury and ATO officials to make decisions on foreign investment proposals on behalf of the Treasurer.

The Foreign Investment Review Board (FIRB) is a non-statutory body which advises the Treasurer on the policy and administration of the Foreign Investment Framework.

More information about Australia's foreign investment regulatory system is available at <https://foreigninvestment.gov.au>. You can also find further information on Australia's foreign investment policy at <https://foreigninvestment.gov.au/investing-in-australia/foreign-investment-framework>.

About this report

This is the fourth quarterly report for the 2024–25 financial year covering the regulation of foreign investment in Australia.¹

This quarterly report sets out key performance data concerning the operation of Australia's foreign investment regulatory framework from 1 April 2025 to 30 June 2025.

¹ See Australia's foreign investment framework for further information, <https://foreigninvestment.gov.au/investing-in-australia/foreign-investment-framework>.

Headline statistics – 1 April to 30 June 2025

Commercial investment proposals

The number of commercial investment proposals approved was 326 with a total value of \$49.3 billion.

The United States was the largest source for approved commercial investment proposals by value (\$11.1 billion), followed by Japan (\$9.2 billion), South Korea (\$4.1 billion), South Africa (\$4.1 billion) and New Zealand (\$3.6 billion).

Mineral exploration & development was the largest target sector for proposed investment with a total value of \$19.3 billion, followed by Services (\$11.1 billion) and Commercial real estate (\$10.1 billion).

Residential real estate investment proposals

The number of residential real estate investment proposals approved was 917 with a total value of \$1.3 billion.

China was the largest source for approved residential real estate investment proposals by value (\$0.3 billion), followed by Taiwan (\$0.2 billion), Vietnam (\$0.1 billion) and India (\$0.1 billion).

Median processing times

From 1 January 2025, Treasury adopted a new performance target of deciding 50 per cent of investment proposals within the 30-day statutory decision period.

Treasury's median processing time for approved commercial investment proposals was 36 days, with 46 per cent of proposals decided in 30 days or less.

The ATO's median processing time for approved residential real estate proposals was 4 days.

National security

In January 2021, Australia's Foreign Investment Framework's national security powers were strengthened to cover more types of transactions subject to mandatory notification and create a scheme for voluntary notification by investors for actions of any value which may pose national security concerns.²

Of the 326 commercial foreign investment proposals approved in this quarter, 33 related to national security actions that would not have been captured prior to January 2021. Of these 33 national security actions, 26 were mandatory notifications and 7 were voluntary notifications.

Compliance with foreign investment legislation

Maintaining strong compliance with Australia's foreign investment legislation is a priority for the Government. The Government expects all foreign investors to be aware of, understand and comply with their obligations under Australian law, including Australia's foreign investment laws. The [Foreign](#)

² See Guidance Note 8 on National Security for further information, <https://foreigninvestment.gov.au/guidance/types-investments/national-security>

[Investment Compliance Framework Policy Statement](#) helps foreign investors understand and meet their compliance obligations.³

The compliance program aims to achieve a balance between providing assurance, detecting and addressing non-compliance.

Treasury promotes compliance through a range of activities which include educating foreign investors about their obligations under the foreign investment laws and any conditions attached to their investments. Treasury also undertakes various compliance assurance activities and enforcement actions, including penalties as appropriate. In doing so, Treasury may use legislative powers to compel information and documents, enter premises (either by consent or by court issued warrant) and exercise monitoring powers.

Treasury is focused on carrying out these compliance and enforcement activities in a way that promotes the integrity of the Foreign Investment Framework and is proportionate to the risks of harm to Australia's national interest and national security.

³ See our approach to compliance, https://foreigninvestment.gov.au/sites/firb.gov.au/files/2021-01/FIRB_compliance_framework.pdf

Investment proposals

Investment proposals by number and value

Table 1: Number of investment proposals

	Commercial					Residential real estate				
	Current quarter	Previous quarter	2024-25	2023-24	2022-23	Current quarter	Previous quarter	2024-25	2023-24	2022-23
Approved with conditions	98	83	443	476	547	628	647	2,692	4,042	4,768
Approved without conditions	228	223	919	755	767	289	267	1,230	1,539	1,808
Total	326	306	1,362	1,231	1,314	917	914	3,922	5,581	6,576
Withdrawn	39	23	131	246	149	35	19	94	139	74
Prohibition orders	0	0	0	1	1	0	0	0	0	0
Disposal orders	0	0	0	5	0	0	0	0	0	0

Note: Tables on residential real estate exclude variations and applications processed where the outcome was exempt. Variations from previously published statistics are due to the reconciliation processes.

Table 2: Value of investment proposals (\$ billion)

	Commercial					Residential real estate				
	Current quarter	Previous quarter	2024-25	2023-24	2022-23	Current quarter	Previous quarter	2024-25	2023-24	2022-23
Approved with conditions	32.4	86.8	198.2	133.8	132.6	0.9	0.9	3.5	4.8	6.1
Approved without conditions	16.9	14.6	53.3	53.3	40.5	0.3	0.3	1.4	1.8	1.8
Total	49.3	101.5	251.5	187.0	173.1	1.3	1.2	4.9	6.6	7.9

Note: Anomalous values or values that could identify specific transactions have been removed. The ATO assessed some commercial applications received before December 2022. Variations from previously published statistics are due to the reconciliation processes. Proposals include Exemption Certificates, which grant investors approval to make acquisitions over a defined period. These may have a specified financial limit or no financial cap. The majority of Exemption Certificates are given for a duration longer than one year. As a result, the associated acquisitions take place over a number of years and not necessarily within the same reporting period as when the Exemption Certificate was given.

Approved investment proposals by investment source and industry sector

Table 3: Top 10 sources of investment by value of approved commercial investment proposals*

	Number					Value (\$ billion)				
	Current quarter	Previous quarter	2024-25	2023-24	2022-23	Current quarter	Previous quarter	2024-25	2023-24	2022-23

Investigations	15	1	3	7	4	2

Note: * Investigations on hand at the end of the current quarter may include investigations carried over from the previous quarter.

Methodology and glossary

Overview

- The statistics contained in this quarterly report reflect investor intentions (not actual purchases) to acquire Australian assets that are subject to the *Foreign Acquisitions and Takeovers Act 1975*.
- The statistics may include some transactions that do not actually proceed. For example, approvals in a given quarter which are not actually implemented in that quarter or at all. As a result, there can be differences between these statistics on proposed investment and actual investment flows.
- Any data that may enable the identification of a particular person or organisation has been suppressed to preserve confidentiality.
- Variations from previously published statistics are due to the reconciliation processes and system changes for the launch of a new online portal in May 2025 which marked completion of the Foreign Investment Digital Transformation (FIDT) program.

General caveats

- Data capture, systems and reporting methodologies may change over time.
- Data presented from earlier publications may have been revised since last published. Variations from previously published statistics are due to the reconciliation processes.
- Totals presented throughout the report may not add up due to rounding.
- Proposals include Exemption Certificates, which grant investors approval to make acquisitions over a defined period. These may have a specified financial limit or no financial cap. The majority of Exemption Certificates are given for a duration longer than one year. As a result, the associated acquisitions take place over a number of years and not necessarily within the same reporting period as when the Exemption Certificate was given.

Glossary

Term	Description
Compliance	The Treasury has concluded that there is sufficient appropriate evidence provided by the investor, and/or obtained from the third parties, to demonstrate the investors' compliance with their foreign investment obligations.
Condition mandated reports	Reports from investors submitted in accordance with conditions imposed on their investment proposals, including their compliance with conditions.
Independent audits	Audit reports prepared by independent assurance practitioners on the investors' compliance with conditions imposed on their investments. The independent assurance practitioners are engaged by the investors and approved by the Treasury.
Non-compliance	The Treasury has concluded that there is sufficient evidence to demonstrate that an investor has not complied with their foreign investment obligations.
Prohibition	Under section 67 of the <i>Foreign Acquisitions and Takeovers Act 1975</i> , the Treasurer may make an order which prohibits a proposed significant action, notifiable national security action or reviewable national security action if the Treasurer is satisfied that taking the action would be contrary to the national interest or national security (as applicable).
Regulator audits	Risk-based, Treasury-initiated compliance assurance activity undertaken to test investors' compliance with conditions imposed on their investments.
Withdrawn	Withdrawn investment proposals are proposals withdrawn by the investor. Proposals may be withdrawn for a variety of reasons, including: the investor choosing not to proceed with or deferring a purchase; the investor being unsuccessful in a competitive tender process before the proposal was finalised; the proposed investment 'target' being withdrawn from the market; changes to investor consortium compositions; concerns identified by the Treasurer; or where the proposal was incorrectly lodged.
